1. AOTEAROA (New Zealand National Anthem)

E Ihowā Atua,
O ngā iwi mātou rā
Āta whakarangona;
Me aroha noa
Kia hua ko te pai;
Kia tau tō atawhai;
Manaakitia mai
Aotearoa

2. WE CAN ALL CHANGE (instrumental)

3. JUST DO IT (instrumental)

4. DO THE ALGAE RHYTHM

Do the Algae Rhythm!

I'm a salt-water algae, and I grow in red and brown,
Laminaria digitata is my Latin noun.
To some, I'm just goo growing in the sun,
But a life of photosynthesis ain't so fun.
I wanna jump up and dance around the room,
So I play the old records, gunna make an algal bloom.

*Do the Algae Rhythm, do the Algae Rhythm,
I'd like to do the Algae Rhythm, do the Algae Rhythm,
I'd like to do the Algae Rhythm,
If I had legs.*

I wanna be sentient, that's my wish,
My life ain't great in a petri dish.
The beat makes me feel like I wanna be more,
I wanna tap my tentacles on the floor.
Uranium reactor below this research station
Has been leaking through the floor, and causing genetic mutation,

*Now I do the Algae Rhythm, I do the Algae Rhythm,
I like to do the Algae Rhythm, do the Algae Rhythm,
I like to do the Algae Rhythm,
Now I've grown legs.*
